

This is to certify that  
**Funasset Ltd**

Foundry House, Foundry Road, Taunton, TA1 1JJ, UK

Has been assessed  
by Warren Butterworth for IT Governance Ltd  
against the Cyber Essentials Scheme Test Specification

Level of certification: **Cyber Essentials PLUS**

Scope: Internet facing infrastructure for Funasset Ltd. Including firewalls, routers, end user devices and VMware cluster hosted in 3rd party data centre.

Certification date: July 26th, 2018

Recommended re-assessment date: **July 25th, 2019**

Certificate no.: 8001549171236545

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
