

SilentPrint 1.06

Task Specific Action After Print / Print Queue Monitoring / Landscape Image Printing

Type:	SilentPrint Update
Software Affected:	SilentPrint Install / SilentPrint Trial
Hardware Affected:	None
Further Reference:	SilentPrint User Guide

Updates

SilentPrint 1.06 has the following updates:

- Task Specific Action After Print
- Print Queue Monitoring
- Landscape Image Printing

Task Specific Action After Print

The Action After Print functionality is configurable for each Task instead of globally.

Print Queue Monitoring

The monitoring of the Microsoft print queue has been enhanced to cater for the following issues:

- Internet Explorer 6 replacing spaces in print job names with "%20".
- Internet Explorer 6 truncating print job names to 63 characters.
- Adobe Acrobat truncating print job names to 31 characters.

Landscape Image Printing

TIF/TIFF, JPG/JPEG and GIF files are now automatically printed in landscape orientation when the width of the image is greater than the height. This is achieved by rotating the image.

Availability

In order to take advantage of the updates mentioned above, please download the latest SilentPrint Install or SilentPrint Trial from the following URL:
