SilentPrint 2.05

Configuration Dialog Availability / Disable Task Option / PLUS Dialog Fix / Number of Copies in Job File Fix / Empty Job File Fix

Type:	SilentPrint Update
Software Affected:	SilentPrint Install / SilentPrint Trial
Hardware Affected:	None
Further Reference:	SilentPrint User Guide

Updates

SilentPrint 2.05 has the following updates:

- Configuration Dialog Availability
- Disable a Task Option
- PLUS Dialog Fix
- Number of Copies in Job File Fix
- Empty Job File Fix

Configuration Dialog Availability

If a document is being processed by SilentPrint and an attempt is made to access the Configuration dialog, SilentPrint will be immediately suspended. However, the Configuration dialog will not be displayed until the document being passed to the Windows print queue has completed spooling. All the while this is being performed a Please wait dialog is displayed.

Disable a Task Option

Tasks can be individually disabled by ticking the Disabled checkbox in the Configuration dialog when editing or adding a Task.

PLUS Dialog Fix

The Maximum pages per printer value in the SilentPrint PLUS Options dialog now displays the correct value.

Number of Copies in a Job File Fix

The number of copies that can be appended to the end of documents referenced in a Job file, now functions correctly.

Empty Job File Fix

SilentPrint no longer hangs when an empty Job file is detected.

Availability

In order to take advantage of the updates mentioned above, please download the latest SilentPrint Install or SilentPrint Trial from the following URL:

http://www.funasset.com/support/software/funasset_applications.htm

NOTE: Upgrading SilentPrint to the latest release will not affect your existing SilentPrint configuration.
